1 General

EHEDG provides practical guidance on the hygienic engineering aspects of manufacturing safe and wholesome food. Founded in 1989, it is a consortium of equipment manufacturers, food companies, research and educational institutes as well as public health authorities whose common aim is to promote hygiene during the processing and packaging of food products.

EHEDG actively supports European legislation, which requires that handling, preparation, processing and packaging of food is done hygienically using hygienic machinery and in hygienic premises (EC directive 98/37/EC, EN 1672-2 and EN ISO 14159).

The principal goal of EHEDG is the promotion of safe food by improving hygienic engineering and design in all aspects of food manufacture. EHEDG may authorize the use of the certification logo on equipment or products complying with the relevant EHEDG criteria (Doc. 8). If necessary, cleanability testing according to EHEDG methods (Doc. 2) may be required [Ref. 1].

The following versions are covered by Certificate No. C06-8368.

2 Certificate

CERTIFICATE OF COMPLIANCE

TNO Certification
hereby declares that the product

VEGAFLEX 63 series

From

VEGA Grieshaber KG, Germany

has been evaluated for compliance with the Hygienic Equipment Design Criteria
of the EHEDG, Document No. 8, by:

TNO Quality of Life at Zeist, Netherlands
and meets the criteria of this document as demonstrated by:

Evaluation Report No. V6832/03

Signed  _____
Evaluation Officer

Date May 30, 2006

Signed  _____
Managing Director, TNO Certification

Date May 30, 2006

Certificate No. C06-8368

TNO Certification BV, P.O. Box 541, 7300 AM Apeldoorn, Netherlands
©EHEDG

We herewith declare that the instrument and process fitting combinations of the following versions of VEGAFLEX 63 are covered by Certificate No. C06-8368.

- FX63.**ECG*****
- FX63.**ECA*****
- FX63.**ECD*****
- FX63.**ECE*****
- FX63.**ECC*****

Process seal: Use a suitable EHEDG compliant seal.

Furthermore the operator has to guarantee the compliance with further food and process-specific requirements.

The manufacturer(s) declaration in connection with the EHEDG marking on the sensor.
